

## **Mach7 Technologies Brings Solutions, Strategies, and Industry Experts Together at the 101st RSNA Annual Meeting**

Mach7 Showcases Award-winning Enterprise Imaging Platform, Introduces New QC Module, and Offers Opportunity to “Ask the Experts” in Chicago

**Burlington, VT – November 17, 2015** – Mach7 Technologies, award-winning provider of medical image management solutions, will debut Mach7 Enterprise Imaging Platform 11.7 at the 101<sup>st</sup> gathering of the RSNA in Chicago. Announced in September, release 11.7 introduces enhancements and new functionality to improve end-user satisfaction and simplify image management, access, and sharing across healthcare organizations.

Mach7 demos during RSNA include new and enhanced functionality in:

- Mach7 Universal Worklist
- Image Lifecycle Management
- Enterprise Image Sharing
- Mach7 Quality Control Module

### **Continued Solution Expansion Powered by Collaboration with Customer Experts**

The Mach7 QC Module was created collaboratively with EIP customers including Capital Radiology and offers greater support for deconstructed PACS environments. “In a large and growing enterprise comprised of multiple PACS vendors, it was essential to standardize our archive and communication to scale the business. Mach7 partnered with us on building a zero-footprint QC workflow that will enable our technologists and radiographers to scale consistently across the enterprise,” noted Chris Germon, chief information officer, Capital Radiology.

Mach7’s “Ask The Experts” program returns in 2015. Through peer-to-peer sessions, conference attendees meet Mach7 customers and discuss how enterprise imaging platforms are powering imaging strategies today. Sessions are available by appointment daily during the conference at booth #7724. Visit [mach7t.com/powerup](http://mach7t.com/powerup) to schedule an appointment.

**New at RSNA15 – Register to win a Mach7 Power Trip.** During RSNA, Mach7 will give away two, once-in-a-lifetime experiences. Enter to win a sunset helicopter tour of Chicago or a stretch limo ride for 7! Visit [mach7t.com/powerup](http://mach7t.com/powerup) or follow us on [Twitter](#) for details.
